Characteristics

Life goals:

- Financial independence
- Family foundation

Hobbies/Interests:

- Technology topics and economy
- Climbing
- Good food

How do I spend my money?

Households very well with his money, treats himself but I like technical innovations and good Food. Otherwise, he likes to invest his money into his company.

Biographie

Thomas worked for a large company for several years after his business studies. Since he has long dreamed of implementing his own project and learned to love cooking through his wife, he now runs a food start-up. He hopes to become financially independent and start a family. Although he has no idea about design, he knows that a professional appearance is very important for his company.
