AUSTRALIA

Way back in the beginning...

Welcome to Open Learning Australia

Open Learning Australia (OLA) provides TAFE and tertiary level studies that come to your door. If you want to study from home, then read on.

● [1996 Handbook](#) - This on-line Handbook is more up to date than the printed version. For changes see the *What's New* section below. The print version is available from bookstores, newsagents and ABC Shops for \$9.95, which is refundable upon registration.

● [What's New](#)

● [Student Resources](#) - includes timetables, library guide, links, FAQ, and information on access and equity, the student association, and study skills.

● [About OLA](#) - includes information about Open Learning Australia, media releases, and research and reports.

● [Provider Information](#) - information of interest to institutions providing or wanting to provide units/modules of study through OLA.

● [Small - Medium Enterprise Training Website](#)

Please note that this information is updated regularly.
